Interuniversity
Consortium

mono-beneficiary coordinator

Ministry
of University
and Research (MUR)

Italian National
Institute of Statistics
(ISTAT)

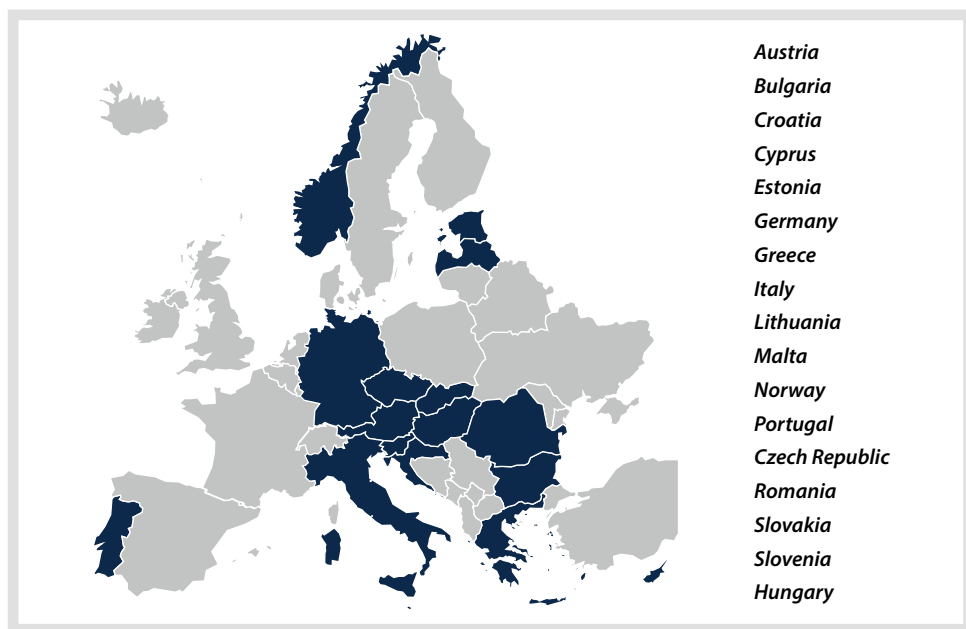

GENERAL OBJECTIVES

To develop the **European survey on the employment condition of graduates** in Italy by participating in the second phase of the European initiative **EUROGRADUATE**, aiming at creating an **integrated European information system** on graduates by 2030.

To cooperate with the European stakeholders for **increasing the availability of comparable data and research on the employment condition** of 2016/2017 **graduates** at 5 years from graduation and of 2020/2021 at 1 year from graduation in the **17 countries involved**.

MAIN DATA COLLECTED

-  Socio-demographic data
-  Education details
-  Employment condition
-  Employment details
-  Study and job mobility
