

TRACED Project

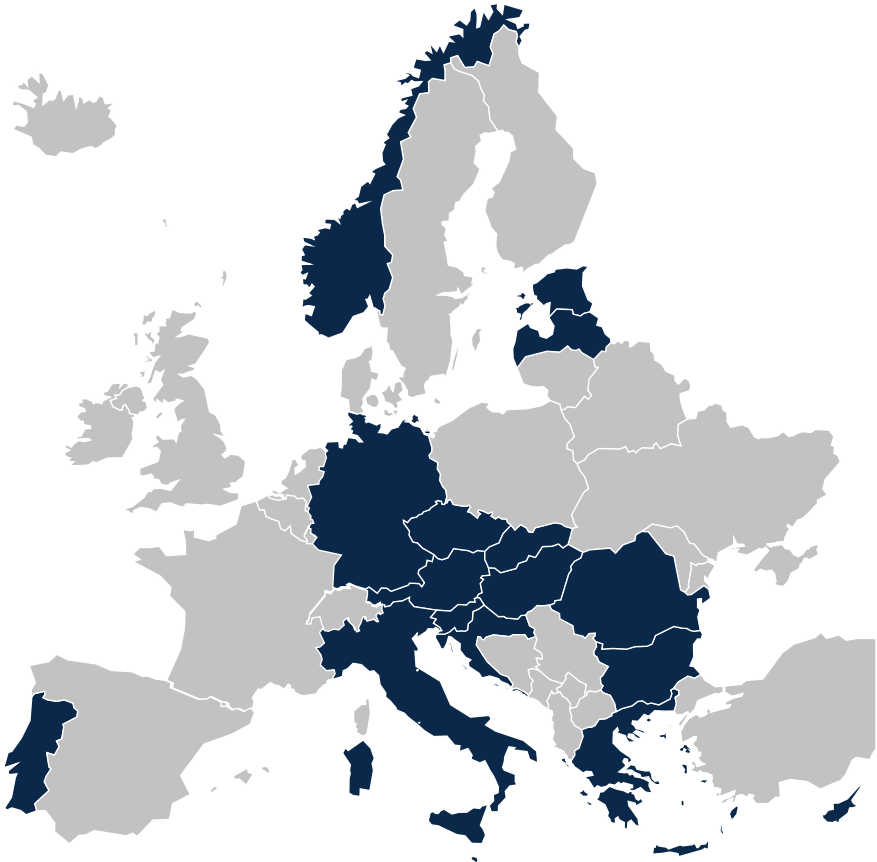

Towards Regular Availability
of Comparative European
Data on graduates

ERASMUS-EDU-2021-GRADUATE TRACKING-IBA
Duration: 24 months (February 2022 – January 2024)

GENERAL OBJECTIVES

- To develop the **European survey on the employment condition of graduates** in Italy by participating in the second phase of the European initiative EUROGRADUATE, aiming at **creating an integrated European information system** on graduates by 2030.
- To cooperate with the European stakeholders for **increasing the availability of comparable data and research on the employment condition of graduates in the 17 countries involved.**

Austria, Bulgaria, Croatia, Cyprus, Estonia, Germany, Greece, Italy, Lithuania, Malta, Norway, Portugal, Czech Republic, Romania, Slovakia, Slovenia, Hungary

SPECIFIC OBJECTIVES

To run the **EUROGRADUATE 2022 survey** on graduates in Italy based on the AlmaLaurea experience.

To create the **National Research Team** consisting of members appointed by AlmaLaurea, MUR and ISTAT ensuring a smooth implementation of project activities and the medium-long perspective of the project scope.

To release a **report on the employment condition of graduates** in Italy comparable at European level.

To conduct two feasibility studies on the **integration of AlmaLaurea, MUR and ISTAT databases** on graduates.

To **disseminate** the project **activities** and the survey **results** to potential stakeholders.

METHODOLOGICAL APPROACH

CENSUS SURVEY

Web and telephone interviews (CAWI+CATI)

~300,000 graduates of the 2020/2021 academic year contacted at 1 year from graduation.

~270,000 graduates of the 2017 solar year contacted at 5 years from graduation.

SAMPLE SURVEY

Telephone interviews (CATI)

~2,500 graduates of the 2020/2021 academic year interviewed at 1 year from graduation for an update on their employment condition in November 2022.

Stratification variables: field of study, type of degree, geographical area of the university.
